FORM 6 INSTRUCTIONS

All fields of data entry are required and failure to complete this form in its entirety will result in the form being returned to the operator. A separate report is required for each Field or Reservoir. If any space does not apply, enter the word "NONE or NA".

A report on this form shall be made by each producer/operator and shall be filed on or before the 15th day of each calendar month and shall be complete as to data covering the calendar month preceding the date of filing. One executed copy shall be filed with the Arkansas Oil and Gas Commission, El Dorado, Arkansas.

Production Data

Enter each production total (do not use decimals or fractions). All amounts of brine water and oil shall be reported in barrels and oil computed from 100% tank tables and based upon actual physical gauges. For production method, if using submersible pump (SP), then leave blank. For all other method, please list: Rod pump (RP), flowing (F).

Lease Data

(To be completed if well makes associated crude oil or natural gas is sold.)

Enter the permit number and each corresponding well name and number (this information will automatically be inserted into other fields if using Excel). Enter purchaser, tank numbers for tanks on lease and size of tanks. For disposition of gas, indicate plant fuel, flared, vented or if sold, list purchaser of gas.

Summary of Stocks and Disposition

Enter beginning inventory. The amount of oil produced will be entered from the Production Data, if using Excel; otherwise enter production of oil. Enter the amount of oil moved from the lease under Disposition. Enter any BS&W or tank cleaning under the column "Other". Please specify on the remarks line any amount entered into the "Other" column. The ending total will be calculated if using Excel; otherwise enter ending total.
